

## GOES TO THE COURT

District No. 6 and the City Unable to

## SETTLE THE DISAGREEMENT

Showing Out of the Annexation of the District—A Mandamus Will Be Asked For.

The ways and means committee of the board of education, President Blair, City Attorney Taylor and officers of the school board of district No. 6 of Grand Rapids township met at the city hall yesterday to consider the long standing disagreement between the city and district boards. The former board claims thirteen-twentieths of the annexed territory and the latter claims the proportion of taxable property. District No. 6 does not intend to make the claim and in addition claims insurance money on the school house burned last October. The board says that not only was the school burned before the annexation of territory was made, but that the addition of territory was invalid. As a result of the meeting the ways and means committee instructed Mr. Taylor to institute mandamus proceedings to settle the case. The amount at issue is about \$10,000.

This is the fourth attempt on the part of the ways and means committee to perfect an amicable settlement of the case. Twice there was a quarrel of the school board of district No. 6. The third time the board was present, but after spending the forenoon in fruitless discussion, the case was postponed for further consideration. The ways and means committee stoutly maintained the city's legal right to the fund, and the district refused to make any concessions.

## HE WASN'T BROKE.

Henry Smith Had a Jag and \$2,500 Yesterday.

Henry A. Smith, an old soldier, was arrested on Pearl street yesterday for being drunk. He was taken to the police station and locked up in cell D. He had just received a windfall from the government for his services rendered during the war, and most of his money was found in his pocket when he was searched. The amount of \$2,500 was found besides an endorsed check for \$2,000 on the treasury of the United States. His home is in Saginaw, and he had purchased six fine gold watches and three chains, which he said he intended to present to his relatives within a few days on the occasion of his visit to them. One of the chains was recognized by Lieutenant Hurley as the one worn by the notorious Jack Hiedelbrand when he was a familiar figure to the police. Smith claimed he had owned the chain for a good many years, but the police think he recently got it from a pawnshop.

## Will Divide the Property.

In the divorce case of John A. Pierson vs. Gertrude F. Pierson, Judge Adams granted a decree for the complainant yesterday on the ground of extreme cruelty. It was further decreed by the court that the defendant shall have the right to freely visit and associate with her children, and to take them with her upon visits or journeys within this state at all suitable and proper times without the interference of the defendant, but he is enjoined from taking them out of her custody or out of the state. The defendant is to receive one-half of the complainant's property, both real and personal, including household furniture. If the parties do not agree upon a partition of the property within three days from the date of the decree, the matter shall be referred to Circuit Commissioner Hughes, to ascertain the amount of the complainant's property, and report the division between them to the circuit court.

## Conducted Their Own Defense.

George Kelly and Joseph Henderson, as jail breakers, were up in police court again yesterday to hear Judge Hagerty's decision on their defense made the day previous, in which they raised a legal point. They claimed they escaped from a hole in the fence made by someone else, and that they were not in the jail at the time, but in the stone yard, which was a separate arrangement, and can not be considered a part of the jail. They pleaded their own case. Judge Hagerty decided that their defense would not hold, and advised them to waive their examination, as it would be better for them to have a speedy trial in the superior court to avoid lying in jail all summer waiting trial. They acted on the suggestion of the court and they were bound over to the superior court for trial.

## Acquitted Mr. Fuller.

Henry Fuller was tried and acquitted in police court yesterday on a charge of assault and battery preferred by the Hon. R. L. Baldwin. Mr. Baldwin was appointed executor of the last will and testament of Fuller's mother and he claimed that Mr. Baldwin was withholding property that belonged to him personally. He demanded it, and upon being refused obtained an order from the probate court for his goods. When he went to take possession of them a little trouble occurred between the complaining witness and respondent which resulted in Fuller's arrest for assault and battery. The trial was by jury and ex-Police Court Clerk Ed. L. Burton was one of the jurors. This is probably the last jury trial that will be held in the old court room.

## Bradford Poisoning Case.

Justice DeWolf was hearing the attempted poisoning case yesterday against George Bradford, who was accused by George Murray of putting Paris green in his tea. The court

room was crowded with friends of both parties, among whom were several women. The evidence produced by the people in the examination was substantially as has been published in this Herald. The side of the people was rested and an adjournment was taken until Saturday morning.

## Convicted for Spearing Fish.

Eddie and Robert Rayburn were convicted in Justice Atherton's court at Sparta on complaint of State Game Warden Hampton for spearing fish in Camp Lake contrary to law. They were fined \$10 each and costs were assessed at \$5, and in default of payment they were to be confined in the county jail for fifteen days. The boys appealed the case to the circuit court and the justice filed his returns with the county clerk yesterday.

## Claims Mary Took the Shawl.

Mrs. Ella Huecke and Mary Bytew were at a dance, and Mrs. Huecke missed her shawl. She accused Mary with having stolen it and swore out a warrant for her arrest. The shawl was found in her possession and she was arrested on a charge of larceny. She was arraigned in police court yesterday and the reading of the complaint was waived. Her case will be heard this morning.

## Charged with Stealing Clothes.

Charles Reed, a resident of Fifth street, was brought to jail last night by Constable Keen, who arrested him on a warrant issued by Justice Baker of Cannon township. He is charged with having stolen a suit of clothes from William Herrington of Cannon on July 29. Reed is a young man who has been in the toils of the law before.

## Appealed to the Circuit.

Justice J. A. Symes of Sparta filed his returns with the county clerk yesterday in the case of the Village of Sparta vs. Lewis H. Broom, who was committed on a charge of disorderly conduct and fined \$15 and costs of suit, or in default to be confined in the county jail for fifteen days. Broom appealed to the circuit court.

## Michael Will Shoot the Pup.

Michael Barrett owned a vicious dog, and he was arrested on complaint of his neighbors for violating the city ordinance. When the case came up in police court yesterday it was held pro on motion of the city attorney, who stated that the respondent was willing that the dog should be shot.

## Court Notes.

John Poake was arrested yesterday on a warrant sworn out of police court by Ed. Stobler, who says Poake knocked him out Wednesday night on Godfrey avenue. He will be arraigned this morning on a charge of assault and battery.

C. Zuidema had a partial examination on the charge of robbing Deputy Sheriff Doherty, who had him under arrest charged with disorderly conduct. The hearing was adjourned until July 8.

Nate Meeker has two cases pending against him in police court for selling liquor on Sunday and both were adjourned yesterday until July 11.

Alexander Douglas has his case adjourned yesterday in police court until July 13. He was arrested for selling liquor on Decoration Day.

The case of the city against Henry B. Grady who is charged with selling liquor without paying a tax was adjourned until July 11.

Max Slatery will have a hearing in police court July 8 on a charge of selling liquor without paying the state tax.

John C. Mangold was arraigned for selling liquor on Sunday and his examination was set for July 15.

Andrew Tabor was arrested yesterday on a warrant for violating the hack ordinance.

## LAW AND LAWYERS.

Superior Court.

JUDGE BURLINGAME.

Willis J. Perkins vs. Joseph W. Oliver in chancery; hearing in open court upon order to show cause why an injunction should not be issued restraining Oliver from collecting the amount of a certain judgment heretofore awarded defendant. Injunction denied.

## GATHERED ABOUT TOWN.

If the weather will only be favorable and it will if the prayers of the horsemen prevail, Grand Rapids will attract a good deal of attention in the outside world during the next fortnight. It will have all the color of a "sporty" town. It takes money to make the mare go, and money will go lively and change ownership rapidly, as the racing programs are carried out. There may be evil in racing, the moral pessimist will surely assert that there is, but it has become a great popular pastime with the American gentleman, who, like the Englishman, finds it exceedingly fascinating if he has a little interest in a Paris mutual defeat. My lady, too, who will go out in her fine equipage, all attired in the glories of the latest mode, is allowed by the decree of polite society to pick a favorite by whom investment she naturally becomes demonstrative in her enthusiasm in the race. This can only be nowadays without raising any question of propriety. Surely the women are gradually becoming as great admirers of the horses as the men, and many of them are well up in horse history and have the ancestry of the successful trotters and runners at their finger's ends. Oh, we shall have spirited times on the turf if the clouds will roll by and stay out of sight.

Local democrats have been laughing in public at the naming of Ben More as candidate for the vice presidency in the Chicago convention. One thing is certain, and that is, that Mr. More has a great deal less to be ashamed of than the men who suggested his name in newspapers and in public.

Scarcely a day passes but you will hear somebody in this city complaining bitterly about the water they are obliged to drink. It has been very dirty for several weeks past. As a matter of general information to consumers why would it not be a good idea to publish an analysis of the water and hydraulic water every day. Some

one would certainly be benefited—particularly those who would abstain from using it. If you have a doctor who is a confidential friend, ask him if he doesn't think the drinking water in Grand Rapids helps his business. Several of them were heard to acknowledge as much during the sickness which prevailed here so generally in the spring.

Ex-Senator Joseph M. Weiss of Detroit was in town for a few hours Thursday. Joe is almost as enthusiastic in his interest in politics as he was in base ball a few years ago. He was one of the crack players in the case club of Detroit. He was a pitcher who was both respected and feared, and early mastered the mysteries of the curve. If he could only execute some of those serpentine movements in shoots and out shoots that he commanded the base ball to do in his point, he would be a pitcher who would be both respected and feared, and early mastered the mysteries of the curve. If he could only execute some of those serpentine movements in shoots and out shoots that he commanded the base ball to do in his point, he would be a pitcher who would be both respected and feared, and early mastered the mysteries of the curve. If he could only execute some of those serpentine movements in shoots and out shoots that he commanded the base ball to do in his point, he would be a pitcher who would be both respected and feared, and early mastered the mysteries of the curve.

Stories were telegraphed from this city to papers in the state purporting to tell exactly what happened when the pitcher was here for a night ago. Gentlemen who have the confidence of Mr. Weiss know that one of his strongest characteristics is in keeping his own counsel. Therefore the reports as to the purpose of his visit here and his future intentions are merely interesting as a study of the imaginations and elastic minds of the correspondents who made them up.

To many the running race is far more exciting than the trot. The horses are as a rule honest and speed for all that is in them. The meeting of the Grand Rapids Jockey club, which opens tomorrow, is really an experiment as far as this city is concerned; but some of the very best runners in the land are entered, and it is confidently hoped that Grand Rapids will sustain this meeting in a liberal manner. This is due to the men who had the courage to arrange for this meeting.

Speaking about water reminds me of the information received yesterday, and that is that our fellow townsman, Joshua Speed, has a scheme to bring a supply from Lake Michigan to this city. Now the trouble is this: Joshua will never let go of the scheme.

## BUFFALO CLOTHING CO.

Great Sale of Spring and Summer Suits Regardless of Cost.

Notwithstanding the backward rainy season the business done by this store during the past few days has been phenomenal. Having closed out a very large stock of spring suits we were compelled to again hustle to the markets of the east for a new supply, and as everyone knows, a sharp, shrewd buyer who buys the eastern markets now at this time of a very backward year, can buy large stocks of goods at their own price. Such was the experience of Mr. Blumfeld on his last trip, having bought a very large stock of suits and cashmere goods at prices that were below the cost of manufacture. Now we propose to continue our large sales by placing the goods on the market at prices so ridiculously low that any one can wear a stylish, no-nonsense suit, no matter how small his purse.

These goods are all late novelties and patterns that were never shown before in this market, comprising all the latest shades in light and dark browns, steel gray, light and dark blue, drab, gray, etc., and in dress suits we are at our best. Our stock of Prince Alberts in Clay worsteds and diagonal goods is complete, as well as our socks and neckties. A careful inspection of this stock is solicited.

150 suits in this sale that are cheap at \$8 we put them down to \$5.50.

150 suits in this sale that are cheap at \$10 we put them down to \$7.50.

175 suits in sacks and frocks cheap at \$15, we put them down to \$9.95.

100 suits in sacks and frocks cheap at \$15, we put them down to \$11.50.

100 suits in sacks and frocks cheap at \$18, we put them down to \$13.

100 suits in sacks and frocks cheap at \$20, we put them down to \$15.

To good careful clothing buyers we ask you to look this stock over before buying and note the quality of goods at the prices named, as it will be a saving to you of at least 33 per cent. For the same goods at other houses.

BUFFALO CLOTHING CO., 85 Canal Street.

## NO MALARIA, NO CONTAGION

Such Is the Enervable Condition at Ludington.

Few cities in the world possess that happy combination of healthfulness and commercial importance enjoyed by Ludington, Mich. Situated upon the shores of Lake Michigan, its summer temperature is moderated by the cooling influence of a constant lake breeze, while in winter the same agency abates the severity of the frost. During the heated term there is not a more delightful locality in the country. The atmosphere of the city is exquisitely tempered, but the accommodations of the city are such as are best calculated to subserve the comfort and convenience of visitors. As a summer resort the city has few equals. Its superior location, its industrial and commercial standpoint, the city also possesses superior merit. It has not only the finest harbor on the east shore of the lake, but it possesses the only winter harbor along that shore. Again the city is the direct line of commercial communication between the east and west. It is emphatically a point where ships and railways meet and, therefore, a point which is sure to become an important trade center.

Ludington is, moreover, surrounded by a wide tract of agricultural and horticultural land. She has resources of forest and mine that are supporting immense industries and are capable of vast development. Her natural resources, coupled with her geographical advantages, fix the city as a future metropolis.

Real estate activity has materially quickened in the city of late. The interest has chiefly centered about the proposed 1,400 lot sale of city property that is to be held on July 15 and 14. These lots are all contiguous to the present city plat and but few rods from the city center. Six hundred of them constitute a part of the famous Manufacturers' Addition, of which much has been written and said in the past. As the date of the sale approaches, great preparations are being made for the sale. It will be the largest sale of the kind ever held in Michigan and no man who may secure a piece of it will live long enough to regret it. The property will bring front-foot prices within two years.

Everything at Dettenthaler's.

Read Carefully.

Dettenthaler's German Medicine Co.

GERMANY—For over four years I have been afflicted with an eruption of the skin, which became very troublesome and I could get no relief. I was also troubled very badly with constipation, which nothing I tried gave permanent relief until I took Dettenthaler's German Blood, Liver, Stomach, and Kidney Medicine, and since taking I have been entirely cured. For a tonic, blood purifier and general health restorer I can heartily recommend it.

Mrs. Wm. Cornelius, Flint, Mich.

For sale at D. C. Scribner's drug store, 73 Monroe street.
